TRAINING IN YOUR OWN AIRCRAFT

- I plan to do all or part of my flight training in my own airplane*

Make and Model _____ Registration Number _____

Time Logged as PIC in This Aircraft _____

***Cargill Aeronautical Academy assumes no responsibility if a student's own aircraft does not meet acceptable standards for the FAA Practical Test. It is the student's responsibility to determine if all aircraft logs and maintenance records are up to date and meet FAA requirements. Every reasonable effort will be made to provide parking space for your aircraft during your training either on location or at our partnering FBO's ramp area, however no guarantees are implied for ramp space. Fuel, oil and some light maintenance may be obtained from one of the local FBOs.**

Please Note: Applicants for training courses for advanced ratings should read Federal Aviation Regulations part 61 for the required aeronautical experience for the rating desired BEFORE submitting this application.

SECTION IV: AERONAUTICAL EXPERIENCE DATA

Fill out this section if you are already a certificated pilot applying for flight training for advanced ratings. If you are a student pilot with previous training and flight time, then we would ask you also to fill in any and all appropriate information in this section. If you are applying for a Private Pilot training course and are starting from the beginning and do not yet have a medical certificate, then you may skip to the next section.
